Daily Staff Meeting

Wednesday, 23 May 1951

It was reported that the Director had addressed the Overseas Press Club in a "for background only" speech and had answered questions off the record.

The proceedings of the Inter-Agency Defector Committee were reported.

Mr. Reber reported that the psychological warriors had agreed on the set-up and agenda for the Psychological Strategy Board.

25X1
25X1 Mr. [redacted] reported that the delay in presenting O/PC requirements to G-4 might seriously interfere with our getting the material that we needed. Mr. [redacted] said that he had authorized this delay in view of the magnitude paper and because he had been told that requirements are being presented to G-4 on an ad hoc daily basis. It was agreed that steps would be taken to see what could be done to speed up the presentation of requirements.
